

MICHAEL DECKEL S20

Kind : Cnc sharpening machine
Brand : MICHAEL DECKEL
Model : S20
Year : 2011
Serial Nr: 320
Stock Nr : 9455

TECHNICAL DETAILS

AXES (A,C,X,Y,Z)

- X cross axis : 340[mm]
- Y vertical axis : 240[mm]
- Z stroke axis : 240 [mm]
- C rotating axis(grinding wheel holder head) : 197 [°]
- A axis(parts-holder divider) : 360[°]
- Axes resolution : 0,0001°

GRINDING WHEELHOLDER SPINDLE

- speed : 8000 [t/mm]
- spindle power : 11[KW]
- spindle taper : SA 50
- max wheel diameter : 150[mm]

- dimensions (l x d x h) : 2010 x 2000x 2300 [mm]
- Weight : 2200 [kg]
- Hours under power : 51000[H]

EQUIPMENT

- NUM Axium Power control
- Numroto 'package Basic' software
- * standard milling tools
- * standard and step drills

Kind : Cnc sharpening machine
Brand : MICHAEL DECKEL
Model : S20
Year : 2011
Serial Nr: 320
Stock Nr : 9455

- * extension complex drills
- * extension of moulding tools
- * extension of moulding levels(DXF)
- * cylindrical grinding
- * extension multiple propeller
- fire protection system
- smoke extracting device
- hydraulic chuck CSA50
- grinding wheel changeur 6positions
- part loading chain : 41 positions
- * Tightening diameter 5 à 25 mm
- * max length 170 mm
- various grinding wheelholders
